

AMENDMENT TO CLAIMS:

Please amend the Claims as follows with additions shown in underline and deletions shown as strikeouts.

1. (PREVIOUSLY PRESENTED) A method for selecting the language in which on-screen displays are displayed and audio programs are broadcast on a receiver, comprising the steps of:

accessing an on-screen display for the receiver; and

selecting a language in which the on-screen displays and the audio programs are broadcast on the receiver by entering a single selection on the on-screen display.

B1 cont'd

2. (ORIGINAL) The method of Claim 1, further comprising the step of saving the selection of the language to a memory.

3. (PREVIOUSLY PRESENTED) The method according to Claim 1, wherein the on-screen displays include close captioning.

4. (PREVIOUSLY PRESENTED) The method according to Claim 1, wherein the on-screen displays include teletext.

5. (ORIGINAL) The method according to Claim 1, wherein a remote control device and a microprocessor are used to select the language.

6. (PREVIOUSLY PRESENTED) An apparatus for selecting language in which on-screen displays and audio programs are broadcast on a receiver, comprising:
means for displaying an on-screen display for the receiver; and
means for selecting a language in which on-screen displays are displayed and audio programs are broadcast on the receiver by entering a single selection on the on-screen display.

B' could
7. (ORIGINAL) The apparatus according to Claim 6, further comprising means for saving the selection of the language to a memory.

8. (PREVIOUSLY PRESENTED) The apparatus according to Claim 7, wherein the single selection selects the language in which all selectable display and audio features of the receiver are displayed and broadcast even if certain ones of said display and audio features are not selected by a user.

9. (PREVIOUSLY PRESENTED) The apparatus according to Claim 8, wherein the selecting means includes a microcontroller and a remote control device.

10. (PREVIOUSLY PRESENTED) The apparatus according to Claim 8, wherein the on-screen displays include close captioning.

*B'
concl.*

11. (PREVIOUSLY PRESENTED) The apparatus according to Claim 8,
wherein the on-screen displays include teletext.
